

Credentials

This is not about me, but about giving glory to God through His children by faith. Never the less, people will want to know the credentials of the person leading this institute. I have been in public school education for almost 40 years. 32 of those years I have taught elementary students. I have also been an elementary lead teacher, science lead teacher, principal and Director of Curriculum, Assessment and Compliance. I have a bachelor's degree in elementary education and a masters degree in educational leadership.

I have taught Sunday School both to children and adults for almost 50 years. I have been a lay pastor and have served on the elder board of the local church of which I am a member. I have taught workshops on how to teach and serve as the elder representative to the Christian Education Board. In addition, I have been active for many years with Vacation Bible School including being the main Bible teacher. I have also lead a youth group and teach Junior Church.

I have written this to show that God has gifted me and provided me with opportunities to serve Him and so you might know the reason for leading this institute. God has placed this burden on my heart and I feel His leading in this area. I hope and pray that you find this website and the classes beneficial and useful in your service to Christ.
